

# Hi, I'm Sondos

I'm an aspiring web developer with a strong passion for creating user-friendly and visually appealing websites. As a beginner, I am currently honing my skills in front-end technologies like HTML, CSS, and JavaScript, while exploring back-end frameworks to build full-stack applications. I enjoy solving problems, learning new technologies, and turning creative ideas into functional web solutions. I am eager to collaborate on projects that challenge me, help me grow as a developer, and contribute positively to the digital world.

## Skills

I am a beginner web developer with a growing skill set in front-end and back-end development. I have hands-on experience with HTML, CSS, and JavaScript, enabling me to design responsive and visually appealing user interfaces. Additionally, I am familiar with frameworks like Angular and have started exploring back-end technologies to build dynamic and interactive web applications. I am passionate about continuous learning and have a strong interest in problem-solving, debugging, and improving web performance. My goal is to combine creativity and technical expertise to deliver impactful digital solutions.
